(613) 432-2885

October 18, 2017

To whom it may concern:

Our association has always encouraged its members to attend various learning and development opportunities.

I first came across the Applied Centre for Human Dynamics in 2013 when I was President of the Association and attended the spring Association of Municipal Managers, Clerks and Treasurers of Ontario zone meeting where they presented a session on Emotional Intelligence. I invited them to attend a future Renfrew County Clerks and Treasurers Association meeting and they presented a very informative session on Dealing with Stress. In September 2017 our current President was looking for a presenter for our fall meeting and the Applied Centre for Human Dynamics was my first recommendation.

Following that tradition, I would like to recommend Chris and Andrea Johnston for your upcoming event.

They are insightful powerful presenters and the right people to spice up your event with laughter and learning that will pay dividends far into the future for any company or association.

They will be able to shed a lot of light on the roles of people within your organization and the importance of stress relief, teamwork and self- management. Their workshops will give you a platform for engaging your employees through beneficial interaction that is both entertaining and educational for small, medium or large enterprises taking part in it.

Sincerely,

*Annette Gilchrist*

Annette Gilchrist  
Secretary-Treasurer
